# Estas son las que pidio Jorge (o como le entendi) con la suma de las ventas en volumen y por montos.

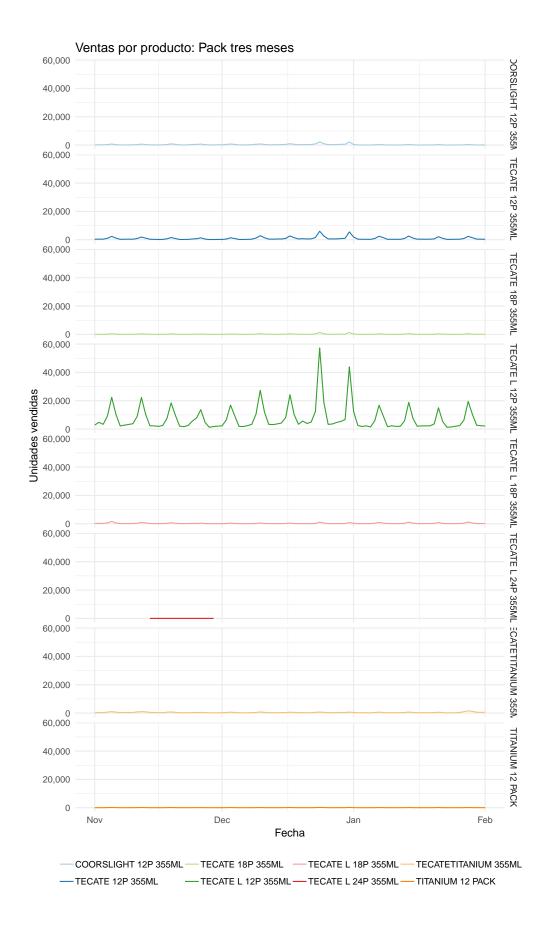

El detalle es que el maximo se pierde respecto a la suma en la siguiente sección grafico el precio maximo por dia y el promedio

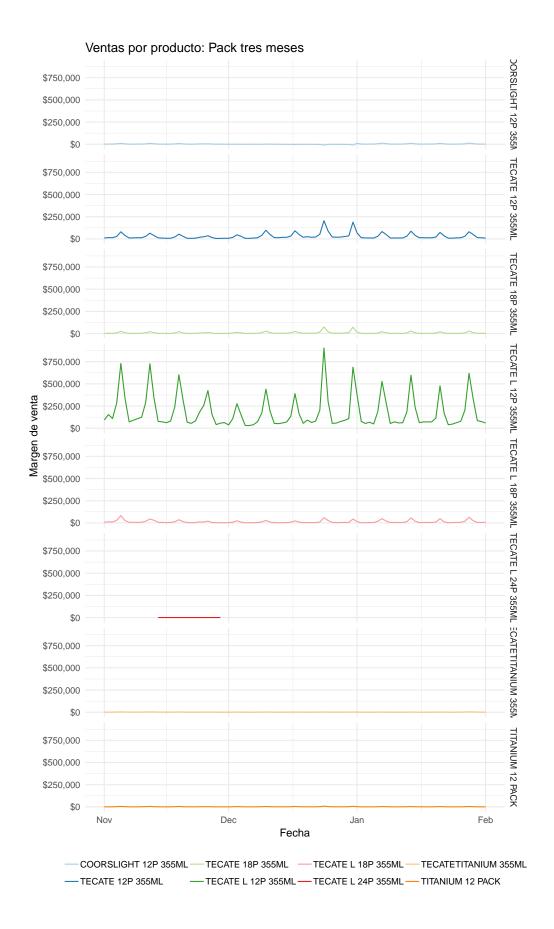

### a 3 meses

```
## used (Mb) gc trigger (Mb) max used (Mb)
## Ncells 905819 48.4 25426651 1358 49661429 2652.3
## Vcells 145012845 1106.4 567540216 4330 739111183 5639.0
```

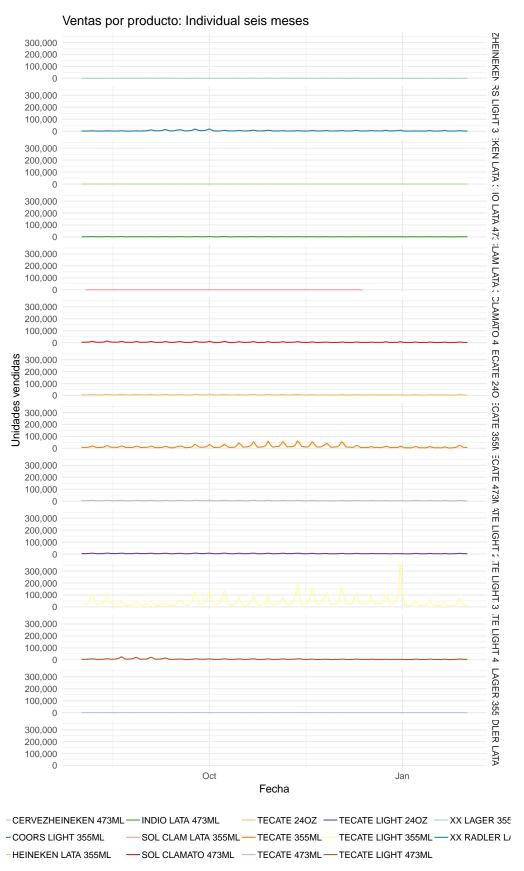

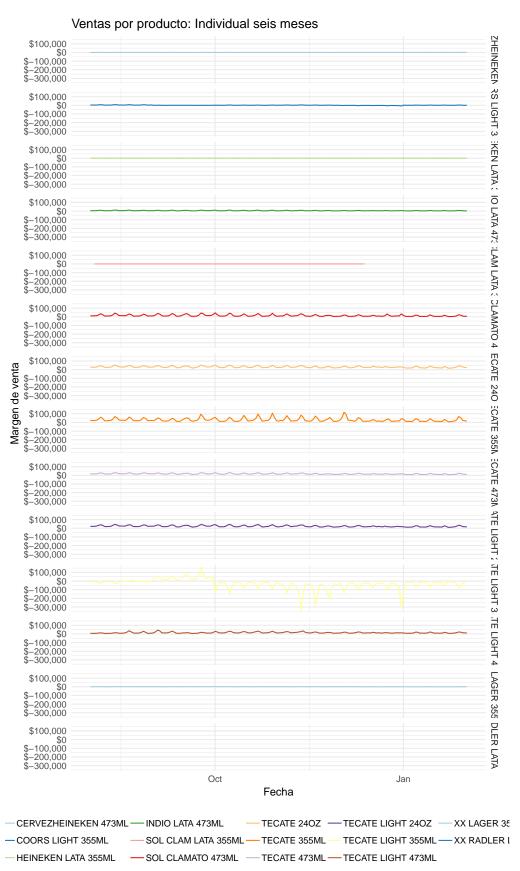

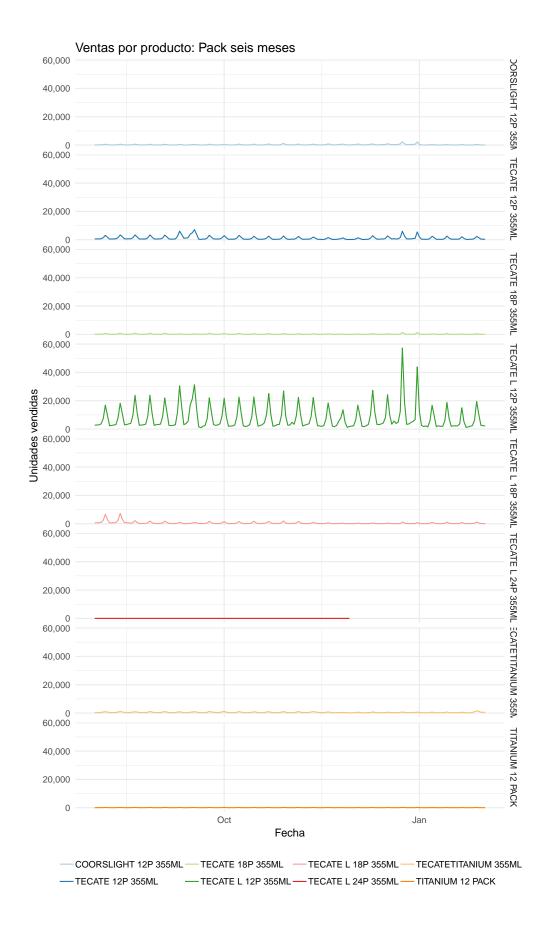

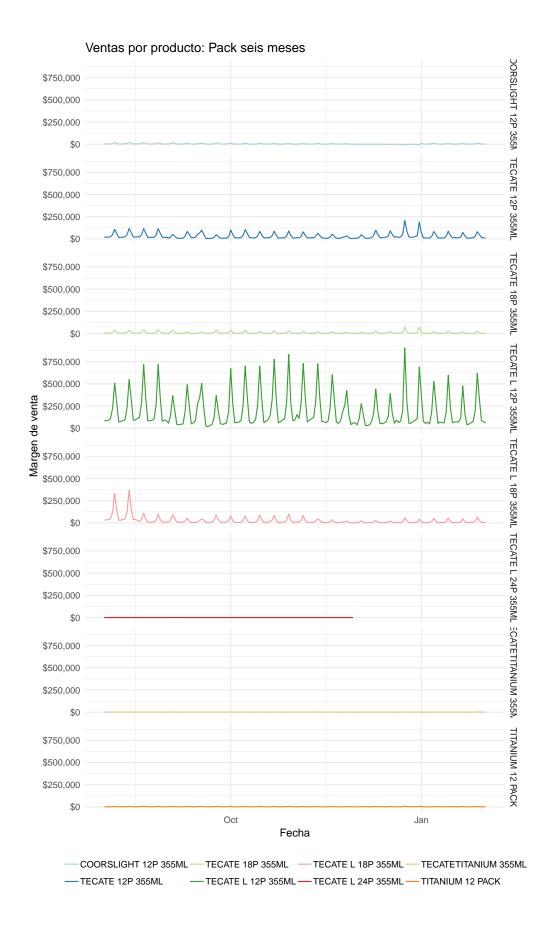

### a 6 meses

### aqui hubo pedo solo a 6 meses aparecen las 14 presentaciones individuales

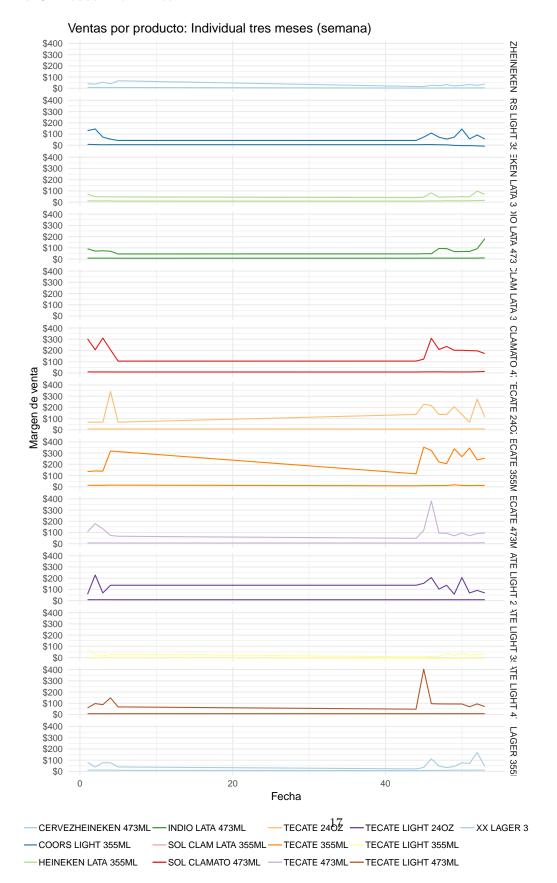

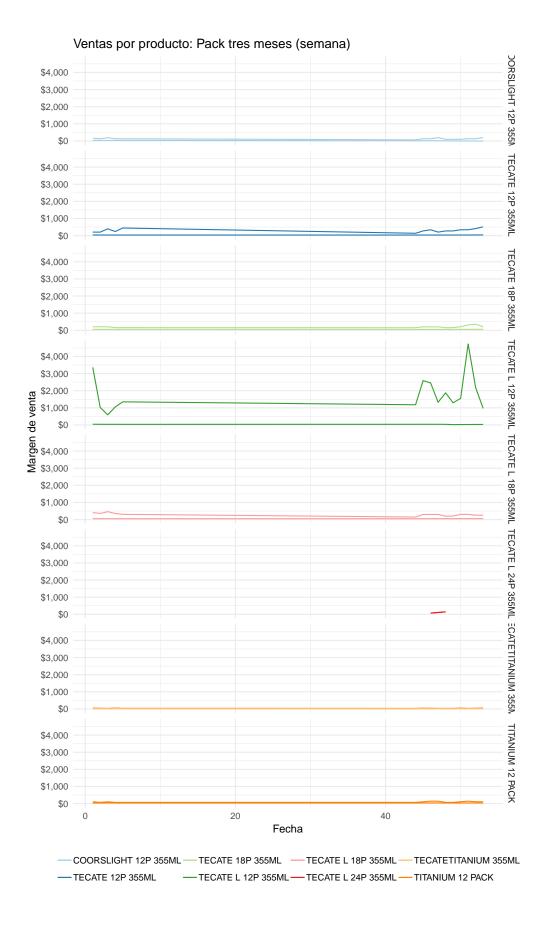

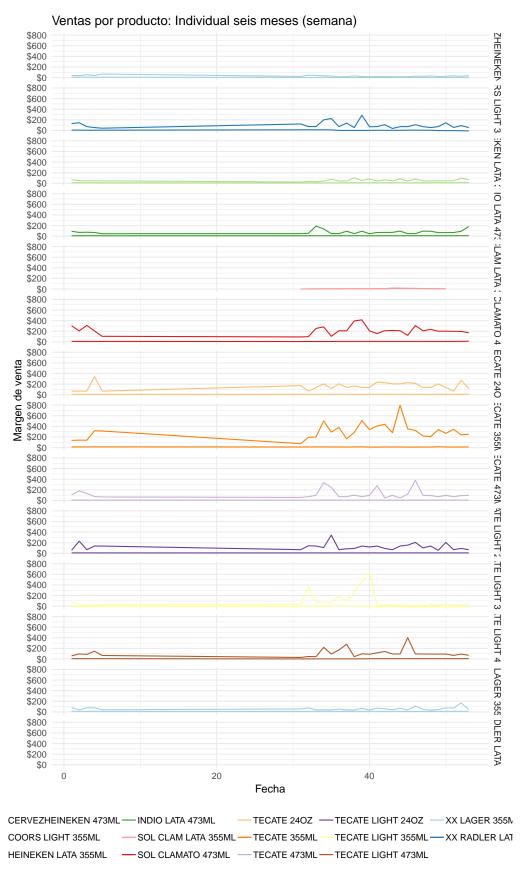

Y repeti la idea de Jorge pero graficando solo los montos maximos por semana junto con el valor medio por semana por producto

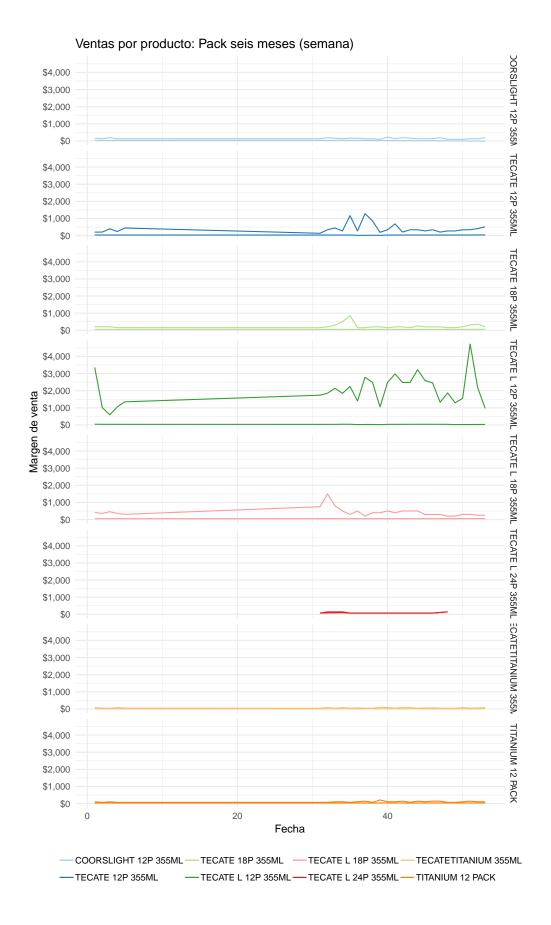

### a 3 meses max-mean

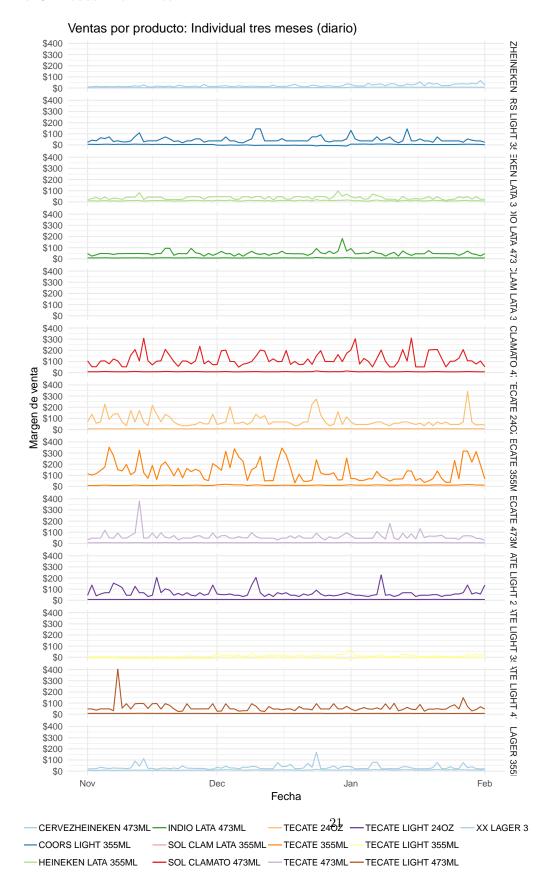

### a 6 meses max-mean

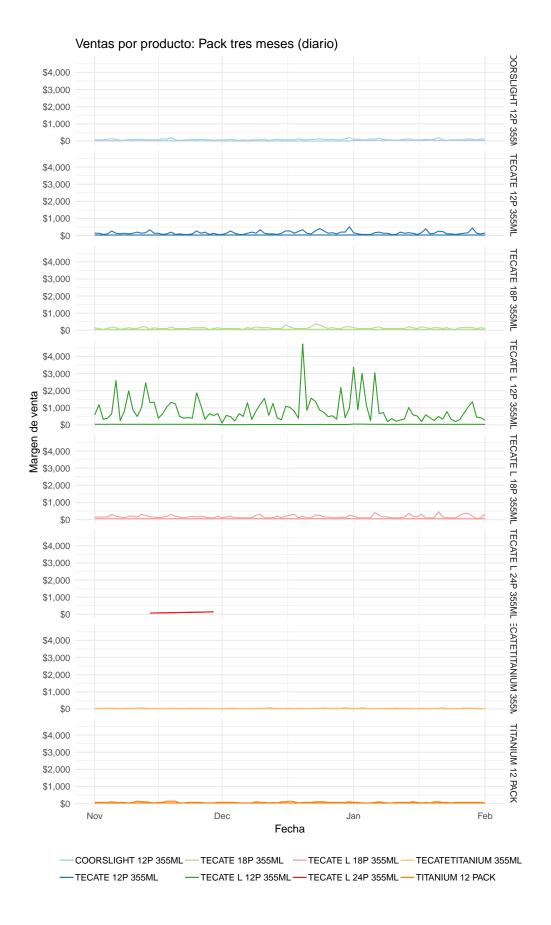

Y repeti la idea de Jorge pero graficando los solo los montos maximos por día junto con el valor medio por dia por producto

### a 3 meses max-mean

### a 6 meses max-mean
